Various matters of more or less interest to the city claimed attention.

Prof. Mantle is a son of Hiram Mantle, an intelligent farmer, from the southern part of Belmont county, and it is quite probable that he and his bride will turn up all right. He said he had not received or accepted any proposition as yet, but had heard some talk of that kind. He said it was presuming a good deal to assume that he would accept when he had not yet been approached in an official way. "Lan" is open for engagement, however, and will be glad if a good thing comes his way.

## TEST FOR YOURSELF

The Wonderful Curative Properties of Swamp-Root, the Great Kidney and Bladder Remedy.

To Prove what Swamp-Root will do for YOU, Every Reader of the Intelligencer May Have a Sample Bottle Sent Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work.

So when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Among the many famous cures of Swamp-Root investigated by the Intelligencer, the one which we publish to-day for the benefit of our readers, speaks in the highest terms of the wonderful curative properties of this great kidney remedy. Mr. Geo. S. Champlin, Ashway, R. I., writes: "When I sent for a sample bottle of Swamp-Root I had to make water every two or three hours through the day and the night. I passed but a very small quantity, but with a scalding and stinging at the end of each passage. Our best doctor here prescribed for me, but his medicine did me no good. I then began your sample bottle, and before I got through with it I felt a change. I would not have believed such a small quantity would have done so much, but before it was gone I learned that our druggist kept your Swamp-Root, and so got a large bottle for one dollar, but actually worth one hundred dollars. I only took one large tablespoonful three times a day, and before I had taken one-half bottle I was all right, and have been since. My urine is as light color as usual."

Only a beginning. There are twenty characters in the piece and only fifteen of them are villains. My imagination gave out at fifteen, so I had to fill in with five virtuous characters. But my next play will profit by my experience. I'll be a record breaker as to villains."

"How many?"

"All of them villains."

"What will you do about rewarding virtue?"

"One of the villains may be allowed a virtuous moment and be rewarded by escaping from the villainous heroine instead of marrying her. Men are born villains, bred villains, mature into villains and create little villains, who grow up in crime by their own freeds and get used to it—crime. There's where I'll get my virtuous episode in my next play. The villains will make a virtue of necessity and be amply rewarded at the final drop of the curtain."

"Sherlock Holmes" comes to the Opera House to-night.

"The Girl From Maxim's."

The Opera House, on Friday evening, December 14, will have as its attraction, the newest farce, "The Girl From Maxim's," which enjoyed such a long and prosperous run at the Criterion theatre, New York. It will be presented here by the big cast, and it is said to be a sparkling play, flowing over with fun and its lines brilliantly witty. It has been said of "The Girl From Maxim's" that it contains more ingenious and laughable situations than any farce ever produced. Its story is not less interesting in its sentimental phase than it is comical. A very pretty love story runs through it, which will be found agreeable.

"The Evil Eye."

The famous operatic extravaganza, Charles H. Yale's "The Evil Eye," under the management of the author, Sidney R. Ellis, will come here next Wednesday, December 12, for a matinee and evening engagement, at the Opera House.

This year the forces have been supplemented by the engagement of a number of very strong drawing cards, and Mr. Yale has gone into the field for comic opera for several of his stars. A noted composer has revised the pretty music of "The Evil Eye" and has added several new numbers, which have already been very widely praised. The

new songs will be sung by Miss Mayme Mayo, Gus Druce, Miss Lora Loh, Charles Flynn and the great Phoebe Troupe. The great mechanical effects, such as the revolving wind-mill and the disappearing rooms, have been re-built for this year and the scenic devices are said to be more marvelous than ever. The advance sale is unusually heavy.

EDITORIAL NOTE.—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so successful that a special arrangement has been made by which sample bottles are sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. Be sure and mention reading this generous offer in the Wheeling Daily Intelligencer when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.
